Interested in testing the reliability of various statistical methods of interpreting my observations. I became involved in research projects on and conservation of seabirds nesting in the Gulf of Maine. I became interested in working with Endicott College. What do you enjoy doing outside of work? Hiking, spending time with my two daughters, one on one. I am excited about GCC’s mission, vision, and philosophy – that our work with students will empower them to reach for the stars! I have worked at Holyoke Community College and the Newman Center at UMASS, and I love GCC’s small size and the ability to connect with students.

What do you enjoy doing outside of work? Get together with friends and laughing. I love to cook. Golfing, bicycling, anything outdoors.

What do you enjoy doing outside of work? I have a 3 1/2 year old son, so much of my free time is spent with him. I also enjoy reading, cooking tall walking with my family and our yellow lab, Ben.

What do you enjoy doing outside of work? I am interested in teaching a course in basic engineering classes of physics and fundamentals of electricity. What most excites you about your new job? I would say the opportunity to join an exciting institution.

What do you enjoy doing outside of work? Working with Endicott College.

What most excites you about your new job? The ability to contribute to the evolution of the position is very exciting.

What do you enjoy doing outside of work? I am actively involved in raising four little girls ages 6, 7, 8, and 11 and hosting a 16-year-old from Thailand.
