- East Building, Thurs 1:00-2:00 pm

Michelle Barthelemy, C302; x1481.
- Tues 2:30-3:30 pm.

We are also available by appointment. Send the group an email if you want to schedule time or have questions: FITS@gcc.mass.edu

Moodle

Moodle for Mobile Devices and a New Theme

The GCC version of Moodle is now available on mobile devices with a new theme. When you log in to Moodle from a tablet or smartphone, Moodle will recognize this format. Once on the Moodle log in page, scroll down to locate the log in and passwords fields. At the very bottom of the window is an option to view Moodle in the “standard view.”

This option is a work in progress. Enhancements will undoubtedly be made in the future. Erica Goleman and Tony Gasperini have done a wonderful job branding the standard and mobile versions of Moodle.

Need help with the technology?
