Absent: Joanne Marqusee and Julia Stahnke
Others Present: President Yves Salomon Fernandez, Karen Phillips, Mark Boudreau, Charles (Chet) Jordan, Mary Ellen Fydenkevez, Anna Berry, and Shannon Larange

Call to Order
Chair Cohn called the meeting to order at 8:05am.

Cost Modeling and Program Enrollment/Graduation Data Discussion
President Salomon-Fernandez introduced Chet Jordan and Mark Boudreau to provide a recap of the data presented at the last Board of Trustees meeting. The College is taking a multi-faceted approach to looking at the course/program cost, enrollment and completion data to guide the program decision making process while preserving the College’s overall mission, vision and values. A small working group will meet this summer to explore and examine the current Liberal Arts degree and range of programs offered.

Trustee Mass inquired about flexibility with in degree programs and pathways as many community college students are unclear about their education goals or area of study. President Salomon-Fernandez replied the pathways are purposefully being created with flexibility to allow students to explore different areas of academic studies.

Adjournment
Chair Cohn adjourned the meeting at 9:26am.

Respectfully submitted by,
Shannon Larange
