**Job Openings: Science Department Work Study Students**

**Available: ASAP**

The Science Department is looking for **1 reliable work study student** to perform basic laboratory duties for 10-15 hours a week. Hours are very flexible as long as they take place before 4:30pm M-F. The position can be extended into summer. Students must be work study eligible.

**Duties will include** laboratory preparation and cleanup for general chemistry and microbiology. Occasional special projects may involve troubleshooting experiments, organizing and preparing materials for Anatomy and Physiology labs, conducting inventories of materials, working in the outside gardens, etc.

If interested, please contact **Tony Reiber** at reibera@gcc.mass.edu. You can also stop by my office in S411 to introduce yourself and express your interest.
