**Work Study PressBooks/Content Editing Position**

**Number of Hours per week:** 10-15 hours

**Job Description:** The GCC Science Department is hiring one study student to help Science Department faculty enter and format lab exercise content into a PressBook instance. This project will continue throughout the semester with a goal of completion by December. Student(s) must be familiar with computers, and confidence with Microsoft Word and/or PressBooks would be helpful, but specific video editing experience is not required. Training will be provided. The student can work remotely, but must check in with the supervising faculty weekly. Please contact Amanda Hyde at hydea@gcc.mass.edu for further details.
